My heart goes out to all those who have been directly affected by the epidemic.

However, the rapid pace of vaccination and the slowdown in new infections in the country raise hopes.

I am confident that we can and will come out of this crisis together.

We have always believed and tried our level best to implement this philosophy to deliver tangible employment and bring impactful change in the lives of thousands of Khadi Artisans.

Our credo has helped us respond with speed to deliver our duties and responsibilities towards Khadi Artisans, evolving customer requirements, intensifying competition and technological upgradation in the process of Khadi.

At the same time, we continue to remain prudent and conservative in avoiding loss in our balance sheet by taking prevention and corrective method applying risks and opportunity measurement in an uncertain environment, we all are hoping is short lived.

During the fiscal, we witnessed outbreak of Covid-19 contingency and its adversities, horrors, We faced prolonged lockdown, severe downfall in production and sales and deficit in growth.

Despite of which we have made ourselves mobilized to continue the Production and Sales and to provide employment to the needy artisans around two thousand associated with the Samity and thus we could be able to refrain from the financial loss in balance-sheet of the year 2020-21.

As an organization we have been constantly evolving, challenging ourselves to overcome the bar on innovation and strengthening our core.

During the year, we made us able to start a new Sales outlet at Malda Town with the help of the WBKVIB.

We have made strong progress in our digital banking transactions that we had started before with an objective of honoring the advice of KVIC and accelerating the speediness in service and approach.

We have adopted the KVIC'S KIMIS software in carrying out the entire activities from purchase, production, processing ,sales, inventory, maintenance, accounts since its inception and now we are implementing successfully at our Samity.

We also came forward in implementing the KVIC'S programme and policies at Sundarban Area , generating sustainable employment to the inhabitants of the isolated place far from the main land.

During the year, the Samity displayed extreme resilience and adaptability through the tough times by not only keep running the activities, but also providing regular earnings to the artisans, containing costs, keeping opened the sales.

One of our strategic growth objectives has been to extend our activities where we have been under penetrated.

Our values act as a guiding force in our strategy and action.

I am happy to share that our employees are showing high levels of pride and advocacy for the Samity and what we stand for, and we are making progress of this journey which has had been started in the year 1955.

We remain committed to our values and goals. Even as we fight the second wave, the health and well-being of our people remain most important to us.

Thanking all our people once again for their invaluable contribution in rising up to the challenges the pandemic has thrown at us. Please stay safe and healthy!

The recent surge in infections caused by second wave of Covid-19 may delay the recovery to late fiscal 2021-22 and early 2023.

I do hope that acceleration in vaccination roll-out and continued support from fiscal and monetary authorities would help the Khadi to tide over this difficulty like other businesses.

I reiterate my gratitude to all my colleagues, executive committee, general body, advisory committees and all sub committees and its members for their relentlessly and selfless efforts in keeping the promise of dedication, devotion and determination to our stakeholders despite of all odds.

I thank our external stakeholders, vendors, suppliers, processors, printers, KVIC, WBKVIB and its authorities, State and central government for their continued support and hand holding.
